A LIGHT
that continues
to shine
bright...

Today, It is seen as a concrete step towards the fulfilment of the vision "Quality Education for Masses", but it started just as thought in the mind of its founder, Late Shri Lal Singh Ji. It was he who first saw this dream and laid down his life to make it true. His struggle to eradicate illiteracy started with the establishment of a primary school in 1965 and gradually this establishment progressed with formation of drops in an ocean ultimately shaping the social and mental upliftment of the society.

50 years have passed since the founders of Subhash Educational Society planted a small sapling in the form of a small school. Today this sapling has grown into a huge tree with nine vibrant educational branches that are laden with flowers of knowledge and learning to develop the spirit of globalism amongst the students. With the blessings of our founder and untiring efforts of our president, Er. Awanish Kumar Singh, we emerged as a smart English medium school in the premises of rural area Kahli Terwa "Pathshala The Global School".

UNDER THE AEGIS OF
SUBHASH CHANDRA BOSE GROUP OF INSTITUTIONS

शिक्षा मनुष्य की मूलभूत आवश्यकता एवं मनुष्यता की प्राण वायु है। वह व्यक्ति में यत्र-तत्र फैली सम्भावनाओं को एकत्र कर उनका समग्रता के साथ प्रस्फुटन करती है तथा मानव को एक जैविक प्राणी से परिवर्तित, परिमार्जित कर सामाजिक प्राणी बनाती है। यह हमारा नैतिक कर्तव्य बनता है कि कोई भी व्यक्ति आत्मा के इस भोजन (शिक्षा) को ग्रहण करने से वंचित न रहने पाये।

इस विचारधारा को जीवंत रूप देने के लिए संस्था ने ग्रामीण क्षेत्र के बच्चों को वर्तमान वैश्विक परिवेश में दृढ़ता से स्थापित करने के लिए अन्तः प्रतिस्पर्धात्मक रूप से तैयार करने हेतु "पाठशाला 'द ग्लोबल स्कूल'" की स्थापना की।

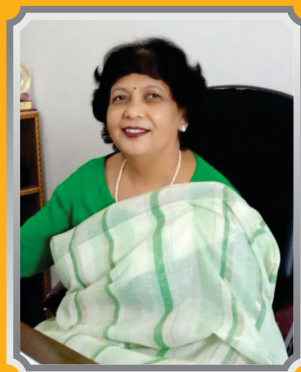

प्राकृतिक प्रांगण में पल्लवित हो रहा पाठशाला (सी.बी. एस.ई. पाठ्यक्रम पर आधारित) एक ऐसा विद्यालय है जिसके सृजन की प्रेरणा मेधावी-40 की सफलता रही है। यह सुदूर ग्रामीण क्षेत्रों में अंग्रेजी माध्यम से बच्चों को शिक्षित व सर्वगुण सम्पन्न बनाने के लिए कठिबद्ध विचारधारा की एक नई कोशिश है।

बच्चों को सर्वगुण सम्पन्न बनाने हेतु पाठशाला में पुस्तकीय ज्ञान के साथ उनके बहुमुखी विकास पर बल दिया जा रहा है। यहाँ के सभी शिक्षक एवं शिक्षिकाएँ बाल मनोकूल शैक्षिक वातावरण प्रदान करने में समर्थ एवं प्रशिक्षित हैं। हमारा एवं हमारे समस्त विद्यालय कर्मियों (शिक्षक व अन्य) का प्रयास आपके बच्चों को "सर्वगुण सम्पन्न" बनाना है।

Every country develops its system of education to meet the challenges of changing times. Education plays a vital role in the development of human potential.

Quality education for masses is the only way to national development, survival and contribution to a better world order.

Life in the coming decades is likely to bring us both, challenges and opportunities. We feel that coming generation must be well prepared to face these challenges and take advantage of the opportunities that come their way. They must develop the ability to think and apply new ideas constantly and creatively. Their action should be guided by a strong commitment to human values and social justice.

We, as a team of executive committee, meticulously observe, monitor and implement the innovative methodology and teaching learning process based on child centered multi-dimensional activities.

We are much concerned to identify the hidden potential of each student to provide them a platform to develop their potential and talent. Our curriculum is setup with vision to inculcate Universal and eternal values like honesty, courage, truthfulness, communication, tolerance, love for justice and compassion on one hand and a smart technology on the other.

Due to accelerated developments in science and technology, the pace of the world is changing rapidly. Modern technology is influencing all aspects of our life and ways of living. Vast changes are taking place in politics, economics, social, and cultural climate. Tremendous changes are taking place in concepts, outlook and values. We find the degeneration in values and environment, overpopulation and urbanisation.

In such a changing environment, we have carefully created the curriculum at '**Pathshala The Global School**' so that our students should not be left behind and keep pace with the ever-increasing, changing environment. We target to prepare our students in such a way that they are able to face the challenges of life thoughtfully and bravely.

It is well said "You know what you are, but you do not know what you can become". Here comes our responsibility to educate, guide, train and inspire the young impressionable minds to explore and utilize their full potential and design like a rare gem.

The aim of **Pathshala The Global School** is to provide holistic and globally relevant education to the young minds so as to help them dream, visualize and plan for their future.

During this school year we will be focussing on how we can continue to re-evaluate, revise and refine our institute to ensure that all our students perform to their highest academic level.

We teach our students the importance of working hard, of being consistent and persevere, of timely submission of work, of making an effort to do better at the next opportunity available. We applaud their effort more than just high scores. While studying at school, the students are groomed to become confident, articulate and ready to step into global society with dignity, honour and integrity.

Here at **Pathshala The Global School** the children meet with a blend of traditional and progressive values. It is the conservation of our ancient heritage and yet it is progressive enough to keep pace with the advancement that generates dynamism and stimulates positive desirable changes in society.

The role of school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers and productive members of an ever changing global society. At **Pathshala The Global School** we provide an atmosphere to our students for multi faced development, where children are encouraged to channelize their potential in the pursuit of excellence.

This can only be possible in a holistic student centric environment the talents, skills and abilities of each student needs to be identified, nurtured and encourage so that he/she is able to reach greater heights. Students needs to be provided with a platform to think, express and exhibit their skills. It is several issues that come confront them with the teachers being a facilitator.

The parents of the most strengthening power in embellishing the future of the children. Their consistent support empowers us to do more and more. I pay my gratitude to them for their faith in us.

I am confident enough that **Pathshala** will make themselves from the day by day adding a new leaf to the opulence of the school.
